

Sun, Space Weather, and Solar-Stellar Connection

Monday, January 20, 2025

Solar Cycle Variations in the Interior (4:30 PM - 5:45 PM)

time	[id] title	presenter
4:30 PM	[199] Solar Cycle Variations in the Solar Interior	ANTIA, H. M.
4:55 PM	[129] Geostrophic Nature of Flows Around Active Regions and Changes in the Near-surface Shear Layer of the Sun	RAJAGURU, S.P.
5:10 PM	[201] Global Nonlinear MHD of Solar Tachocline and Implications for Surface Magnetism	DIKPATI, Mausumi
5:30 PM	[20] Study of Bipolar Magnetic Regions Using AutoTAB: Support of Thin Flux Tube Model?	SREEDEVI, Anu
