Waves in the Solar Atmosphere (1:45 PM - 3:25 PM)

time	[id] title	presenter
1:45 PM	[172] MHD Waves in the Solar Atmosphere: Recent Advances from High-resolution Observations	JAFARZADEH, Shahin
2:10 PM	[152] Investigation of Umbral Wave Dynamics in the Chromospheric Resonator through Multi-Height Observations	SANGAL, Kartika
2:25 PM	[22] Shock Wave Propagation in the Solar Atmosphere	CHAURASIYA, Ravi
2:40 PM	[65] Exploring Wave Coupling and Energy Dissipation in the Solar Atmosphere	KHOMENKO, Elena
3:05 PM	[167] The Properties of Propagating Compressive Waves in a Multithermal Coronal Loop	SAYAMANTHULA, Krishna Prasad
